

## MASS MEETING THIS EVENING TO GET CO. G. NECESSARY MEN

MUSIC AND SPEECHES TO ADD  
TO ENTHUSIASM OF GATH-  
ERING TONIGHT.

### WORD HERE FROM SPRINGFIELD

Sixth Will Be Called As Soon As the  
Companies Are Brought to  
War Strength.

Capt. E. L. Soper, commanding Co.  
G, today issued the following special  
order to members of the company:

Special Order No. 103.  
All members of this command are  
ordered to appear at the Armory at 7  
o'clock p. m., June 22, in uniform to  
participate in recruiting service.

By order of  
E. S. SOPER,  
Capt. 6th Inf.

Attest:  
CHAS. EDOUS,  
First Sergt.

Much enthusiasm is manifested  
over the mass meeting of Dixon citi-  
zens to be held at the Armory tonight.  
The Chamber of Commerce band will  
be on the street at 7 o'clock and the  
local militia will march through the  
streets. Several persons will address  
the crowd at the Armory after the  
parade and the band will fill the hall  
with patriotic music.

Captain Soper and militia he has  
detailed to do the recruiting are jub-  
ilant over the prospects. He feels con-  
fident he will take 100 or more men  
when the call comes for the company  
to move.

### Word From Springfield.

Word comes from headquarters at  
Springfield that the Sixth regiment  
will move just as soon as the compan-  
ies are recruited to war strength. Ev-  
ery company of the regiment is work-  
ing to get the men. Sterling held a  
mass meeting last night and many  
were added to the company.

Lieut. C. P. Reid of the staff called  
at the Armory today and encouraged  
the boys. He believes that when the  
call comes there will be plenty of men  
ready to follow the colors.

### Roster of Company.

The roster of the local company:  
Captain—E. S. Soper  
1st Lieutenant—C. G. Preston  
2nd Lieutenant—L. G. Lewis  
1st Sergeant—Charles Edous  
Q. M. Sergeant—A. C. Handel  
Sergeants—Frank Salisbury, Glen  
Wicher, Byron Lafaver, John Kelly,  
Corporals—Paul Mossholder, Geo.  
Baker,  
Musician—Fred Earle.

### TO ATTEND RALLY

States Attorney Harry Edwards  
and Attorney Harry Warnock went to  
Chicago today to be present at the  
Republican meeting called by Mayor  
hompson to be held tonight at the  
coliseum. Republicans from all  
over the state will be present.

## Roosevelt Will Urge Moose To Support Republican Nominee

Chicago, June 22—Peace is to  
reign and the surviving Bull Moose  
are to return to the Republican  
ranks in both state and national poli-  
tics, according to information  
which circulated among Progressive  
leaders yesterday following the re-  
turn from New York of Raymond  
Robins, chairman of the Progressive  
national convention.

Harmony and the grand old  
party appeared to be the slogan that  
Mr. Robins brought from New York  
despite his announcement that he  
had "nothing to say."

The Progressive national commit-  
tee will meet on Monday, when it is  
practically assured that the party  
managers will accept Roosevelt's  
tentative refusal to run and will in-  
dorse the candidacy of Hughes and  
Fairbanks. Gov. Hiram Johnson of  
California is due in Chicago today.  
progressive nominee for vice presi-  
dent, is expected on Saturday, and  
George W. Perkins and Gifford Pin-  
chot, the other Progressive leaders,  
are scheduled to arrive on Sunday  
to discuss matters before the meet-  
ing of the committee.

## FORD EMPLOYEES TO LOSE JOBS TO FIGHT

"FLIVVER" MAKER WILL FIRE  
MEN WHO ENLIST IN UNITED  
STATES ARMY

Detroit, Mich., June 21—Ford  
employees who volunteer to bear  
arm for the United States will lose  
their jobs. While most employees  
have guaranteed not only to give  
patriotic workmen their old places  
when they return from fighting their  
country's battles but have promised  
to pay their salaries while they are  
in service, Henry Ford's workmen  
must not have a job on their return,  
much less will they receive pay while  
fighting for their country.

Ford superintendent refused to  
say if there are any guardsmen em-  
ployed in the plants, but it is known  
that some seventy-five men of the  
militia are Ford employees.

No provision will be made by  
Ford for their wives and families.

## COOPER CASE WAS REVERSED

Supreme Court Decides Against Inlet  
Swamp District.

(Associated Press)  
Springfield, June 22—The supreme  
court today handed down an opinion  
reversing the judgment of the county  
court of Lee county in the case of  
the commissioners of Inlet Swamp  
and drainage district appellee vs. Ira  
Cooper, appellant, and remanding  
the case.

Jason Miller went to Chicago  
today for a few days' visit.

Harry G. Byers and family motor-  
ed to the Frank Byers home north of  
Grand Detour last evening.

Oyster Bay, N. Y., June 21—Col.  
Roosevelt completed today the final  
draft of his letter to the Progressive  
national committee urging the sup-  
port of Justice Hughes and the doc-  
ument is in the form in which it will  
be read at the coming meeting in  
Chicago on Monday.

It is expected that the letter will  
be the swan song of the Bull Moose,  
that it will be followed by a state-  
ment from the colonel, and that both  
messages will attack the Wilson ad-  
ministration with reference to the  
present crisis with Mexico and will  
call on all Progressives who are for  
straight out Americanism and pre-  
paredness to support the Republican  
nominee.

After the Progressive committee  
ends its deliberations at Chicago, a  
meeting between Roosevelt and Jus-  
tice Hughes may be expected at any  
time. It is reported here that the  
business of bringing the two men to-  
gether can be accomplished at a mo-  
ment's notice, as soon as Col. Roose-  
velt believes that the proper time  
has come. In fact, it is believed that  
all arrangements for the meeting  
have been made.

## BAKER REFUSES TO ORDER MOBILIZATION OF TWO REGIMENTS

TELLS DUNNE HE IS UNABLE TO  
CALL OUT FIFTH AND SIXTH  
ILLINOIS

### TO DEMAND EXPLANATION

Campaign Has Been Started In Cities  
Represented to Get  
Results

### CHICAGO TROOP'S GO

(Associated Press)  
Chicago, June 22—Chicago's four  
infantry regiments of the Illinois  
National Guard received orders to-  
day to entrain for Springfield before  
midnight.

### (Associated Press)

Springfield, Ill., June 22—Sec. of  
War Baker has notified Gov. Dunne  
that he will be unable to comply with  
the Governor's request to mobilize  
the Fifth and Sixth regiments of the  
Illinois National Guard.

### Want Explanation

As a result of Baker's refusal to  
mobilize the two regiments a cam-  
paign has been started in all cities  
where companies of the regiments  
explain its action. Score of tele-  
grams will be filed and the aid of  
Senator Lewis will be enlisted. The  
officers of the regiments expect to  
be called out soon.

### (Associated Press)

Springfield, Ill., June 22—General  
Mills of the division of militia affairs,  
war department, advised Adjutant  
General Dickson that the federal gov-  
ernment is prepared to furnish all  
needed supplies for the additional  
troops that have been recruited to  
make up the war strength of the na-  
tional guard organizations.

The telegram didn't say so, but  
the inference went with it that these  
supplies are now on their way to  
Springfield from some of the federal  
arsenals and storage warehouses.

Illinois at present has uniforms and  
equipment only for the companies at  
peace strength.

## MEXICAN IS CAUSE OF PANIC

Threatens to Shoot Up Colored Church  
at Rock Island.

Rock Island, June 22—Mexicans  
who have recently arrived in this city  
are becoming so troublesome that  
some move looking to their return to  
their native country may be found  
necessary by local authorities.

Sunday night a Mexican arose when  
the congregation was worshipping in  
the African Methodist church and an-  
nounced that if the service was not  
ended immediately he would shoot up  
the place. When the police arrived  
they found the Mexican was not arm-  
ed. He caused a panic among the col-  
ored persons in the church.

## TURKS FACE ARABIA REBELLION

Rebels Reported to Have Taken Holy  
City of Mecca.

### (Associated Press)

London, June 22—It is reported  
a serious uprising against the Turks  
is in progress in Albania. The rebels  
have captured the "Holy City," Mec-  
ca, and several fortresses; while Media,  
which contains Mohamed's tomb, has  
been besieged. "It is a smashing blow  
at the Turks," the London Graphic  
says.

## EXCEPTIONALLY LARGE FUNERAL

Services for Hon. Victor Bovey Were  
Held Wednesday Afternoon.

Hundreds of persons attended the  
funeral of Victor Bovey yesterday  
afternoon. Old settlers declare that it  
was the largest funeral ever held in  
Pine Creek. All available space in the  
church was filled and hundreds were  
outside. It required more than a half  
hour for the friends to view the re-  
mains.

### GOT INVITATION.

The local fire department has been  
invited to attend the Iowa state con-  
vention of firemen at DeWitt next  
week. Only horses can enter cham-  
pionship races and the contests are  
open to the world. Teams from all  
over the country will compete. The  
local men will not attend.

## ADJUST PAVING CONTROVERSY

Buffett Property Excluded From City  
Limits—Town Will Pay.

The controversy over the comple-  
tion of the paving on the Lincoln  
highway east of the intersection at  
the Chicago road has been adjusted.  
The highway commissioners will pave  
the road as that section of the road  
in the controversy has been excluded  
from the city limits. This was done  
by the city commissioners at the re-  
quest of Mr. Buffett.

## WOMAN IS KILLED IN STORM

Husband and Son Also May Die—  
Blown 300 Yards.

Vincennes, Ind., June 22—The most  
terrible rain, wind and electrical storm  
in years visited this region Tuesday  
night, causing thousands of dollars  
damage to property and crops, and re-  
sulting in the death of Mrs. Johann  
Reed, of Allendale. The body of Mrs.  
Reed was blown in a cornfield 300  
yards from her home.

Isaac Reed, Benjamin Reed, a son,  
and two daughters, Dolas and Sarah,  
age seven and ten years, also were  
found in the field. Mrs. Reed had  
died instantly of a fractured skull.  
The son is suffering from a compound  
fracture of the skull, and, with the  
father, is in a local hospital. All mem-  
bers of the family were rendered un-  
conscious. The storm demolished  
their new three-room house.

### ROAD DEMONSTRATION.

The Dixon township highway com-  
missioners witnessed a demonstra-  
tion of the Panama scarifier on the  
highway west of the milk factory yes-  
terday afternoon. One mile of macad-  
m road was torn up and graded in  
six hours. The demonstration was suc-  
cessful in every particular.

### HANDSOME HARP.

A beautiful Lyon & Healy harp is  
on display at the T. J. Miller & Sons  
music store. The price of this harp is  
\$1,000. It is the most beautiful in-  
strument of its kind ever seen in the  
city.

### Express Strike Called Off.

Chicago, June 22—The strike of  
railway express drivers has been called  
off. The men, numbering close to  
1,000, surrendered unconditionally it  
was said at union headquarters, and  
most of them were taken back by  
their employers.

# MEXICAN OFFICIALS SAY U. S. COMMANDER WAS RESPONSIBLE FOR CARRIZAL ENGAGEMENT WEDNESDAY

### MEXICAN AMBASSADOR SAYS AMERICAN COMMANDER "LACKED PRUDENCE"

### HE SAYS ACTION WAS HOSTILE

U. S. Government Has Issued No New  
Orders—Policy Remains  
Unchanged.

### (Associated Press)

Washington, June 22—Sec. Baker  
said no new orders had been sent to  
Funston and the government will  
take no steps until an account from  
its own officers showing what happen-  
ed at Carrizal, is received. He said  
Wilson's policy is unchanged, and he  
has no intention of going before con-  
gress.

### WILL MAKE ARMY BILL EFFECTIVE IMMEDIATELY

Chairman Hay of the house mili-  
tary committee will tomorrow press  
for a resolution authorizing the pres-  
ident to draft guardsmen who are wil-  
ling to take the federal oath immedi-  
ately "for a period of emergency" in-  
stead of for the "period of the war."

### MEXICAN AMBASSADOR ASS FOR EXPLANATION

The Mexican ambassador has made  
an engagement with Sec. Lansing to  
ascertain the meaning of the warlike  
moves of the United States and to ask  
an explanation of the reported action  
of Pershing occupying Casas Grandes  
and Nuevo Casas Grandes. He says  
such action is open hostility.

Official Mexican advices to Lansing  
indicate the Mexican troops thought  
the Americans intended to take Car-  
rizal. The ambassador called Lan-  
sing's attention to the "lack of pru-  
dence of the American commander in  
approaching the Mexican railway."

### SENATOR WORKS DEMANDS SOME ACTION

In the senate, Works of California,  
called up his resolution to authorize  
intervention in Mexico, had it read  
and gave notice that unless the for-  
eign relations committee acted soon  
he will move to take the matter out  
of its hands.

### Statement by Gonzales.

This official statement has been ob-  
tained from Gonzales:  
"There was an engagement between  
American and Mexican troops at Car-  
rizal. We have no details. We un-  
derstand the American casualties  
were forty. A number of American  
prisoners have been taken.

"Our own losses we do not know.  
Some wounded Mexicans have arrived  
in Juarez. I have not talked to any  
of them."

### Garcia Confirms Report.

Mexican Consul Andres Garcia, who  
is now at the International Bridge,  
said:  
"All I can say at this hour is to con-  
firm that we have a report of fighting  
between American and Mexican troops  
at Carrizal but no details."

General Bell's brigade in El Paso is  
awaiting the word to move. He has  
not yet received official confirmation  
of the fighting from General Pershing's  
headquarters at Colonia Dublan. No  
communications had passed through  
Columbus for General Funston at 6 p. m.

This delay is believed to be due to  
the fact that the distance from Car-  
rizal to Galeana or El Valle, the near-  
est point of contact with the Ameri-  
can line of communication, is approx-  
imately seventy miles. Means of  
transmitting the report would be by  
courier to either of the points named.

The first news the populace of Juarez  
had of the fighting was the arrival  
of the train with the wounded. Hun-  
dreds of the natives started immedi-  
ately for the trains which have been  
waiting for two days to take them  
away, in expectation of an attack from  
this side of the river.

With the exception of a strong  
guard along the river front, General  
Gonzales is holding his entire com-  
mand in barracks.

### Carrizal a Deserted Village.

Carrizal, where the fighting took  
place, is a deserted village, consisting  
of about 200 houses and one church.  
During the Orozco revolution the town  
was attacked so many times the in-  
habitants went away and, due to su-  
perstition, never returned to occupy  
their homes.

The location is the center of an

### BLAME AMERICANS

Washington, June 22—A commun-  
ication from the Mexican foreign of-  
fice was delivered to Lansing by the  
Mexican ambassador today. It says  
200 Americans engaged a force of  
Mexicans near Carrizal and that "the  
de facto government has found it  
difficult to understand why the Am-  
ericans were so far from their base."

It states that Gen. Gomez and sev-  
eral Americans were killed, there  
were several casualties and that 17  
Americans were captured.

"According to the statements of  
the interpreter who was guide for  
the Americans," the communication  
continues, "the American commander  
was responsible for the encounter.  
Please make proper representations  
to the state department."

### HALF BREED MURDERER

Naco, Ariz., June 22—One Ameri-  
can soldier was killed and three were  
injured here today by a half-breed  
Mexican employed at the water works  
as a guard. He opened fire on the  
members of the Fourteenth cavalry  
as the guard was being changed.

### PERSHING HAS NOT YET RECEIVED REPORT

San Antonio, June 22—Gen. Per-  
shing reported to Funston today that  
he had not received a report of the en-  
gagement at Carrizal, but that on in-  
formation sent him he sent out two  
squadrons of cavalry to get in touch  
with the troops of the Tenth cavalry  
which engaged the Mexicans.

Pershing said all of his troops had  
received orders not to do anything  
calculated to precipitate a fight with  
Carranza forces. He did not state who  
was in command at Carrizal, but offi-  
cers here drew the inference that Cap-  
tain Boyd was in charge of Troop H  
which is believed to have been the  
one engaged.

### OFFERS HYPHEN REGIMENT

Col. Block, Former Chicagoan, Would  
Organize German-Americans.

Los Angeles, June 22—An offer to  
organize a "regiment or brigade large-  
ly composed of German soldiers and  
German-American turners" for Mexi-  
can service, "if needed," has been  
made in a letter to President Wilson  
by Colonel Emil Block, honorary  
Lieutenant of the Los Angeles police  
department.

The colonel organized a German-  
American regiment in Chicago during  
the Spanish-American war, he said in  
his letter to the president.

George Hermes of near Van Patten

REPORT RECEIVED AT EL PASO  
SAYS MEXICANS DUG PIT-  
FALL FOR AMERICANS

### RAKED FORCE WITH MACHINES

As General Gomez Approached With  
Flag of Truce Mexican  
Started Firing.

### (Associated Press)

El Paso, June 22—Twelve Ameri-  
cans, including the commander, were  
killed and 17 taken prisoners in the  
engagement yesterday between Ameri-  
can and Carranza soldiers at Car-  
rizal, 65 miles from Gen. Pershing's  
headquarters; while four Mexicans  
were killed and 30 wounded, accord-  
ing to an official announcement of  
the Mexican consulate. The Americans  
removed their wounded but were  
forced to leave their dead on the field.

### MEXICAN GIVES NEW VERSION OF ENGAGEMENT

A new version of the engagement  
has been brought here by a Mexican  
cavalryman who said he assisted in dress-  
ing the Mexican wounded.

### MEXICANS DUG PIT FOR AMERICAN CAVALRY

He said Gen. Gomez, the Mexican  
commander who was slain in the en-  
gagement, was aware of the approach  
of the Americans for 12 hours before  
the fight.

He sent couriers to warn them to  
return to the encampment, but the  
American soldiers persisted in their  
advance.

Gomez' men then dug a pitfall in  
the trail over which the cavalry must  
ride. This was cleverly concealed and  
the horses of the Americans plunged  
into the pitfall and a number of rid-  
ers were injured.

### AMERICANS RAKED BY MEXICAN MACHINE GUNS

Carranza forces in ambush raked  
the Americans with machine guns,  
and the U. S. forces were compelled  
to withdraw to reorganize, during  
which withdrawal the Mexicans cap-  
tured 17 soldiers who had been  
thrown into the pits.

### MEXICANS OPEN WITH GUN DURING PEACE TALK

Gen. Gomez went forward with a  
flag of truce for a parley, but an ir-  
responsible Mexican again started a  
machine gun. A small detachment of  
Americans at once charged toward  
Gomez, who was between the two com-  
mands, and their pistol fire killed  
him. Both commands at once with-  
drew. The Mexicans were unable to  
estimate their dead but they asserted  
40 Americans had been killed. Mili-  
tary authorities here believe that  
both commands suffered heavily.

## Wilson's Mexican Policy 'Shame Of Republic' Mann Declares

Washington, D. C., June 21—Pres-  
ident Wilson's Mexican policy, particu-  
larly his note to Carranza, was as-  
sailed at both ends of the capitol to-  
day.

Minority Leader Mann led the as-  
sault in the house and Senators Sher-  
man and Lewis of Illinois joined in  
the attack in the senate.

Republican senators and congress-  
men asserted that the president's  
course at this time has every appear-  
ance of having been carefully plan-  
ned for political effect. They also  
pointed out that the note to Carranza  
proves the administration has pur-  
posely suppressed facts, now admit-  
ted; that it has hoodwinked the peo-  
ple into believing that Carranza was  
a friend of the United States, and  
that the charges of Senator Fall of  
New Mexico concerning Carranza and  
denied by the administration, are  
true.

Democrats, to their amazement,  
discovered that he was reading from  
the note of Secretary Lansing to Car-  
ranza.

At the conclusion of the paragraph  
concerning the indignities to which  
the people of this country have been

Such people are pests and do not de- serve to be allowed to send wedding presents.

On the other hand, there are wed- dings to which the guests bring wag- on loads of costly gifts and then climb through the window in order to es- cape their privilege. The investigation into the cost of living hasn't looked into the wedding present, which is a great omission. Of late years it has grown greatly in so- verity. Nowadays when the ordinary man has a college chum in every oth- er town and a business acquaintance with a large family in the alternate ones, he is lucky to get off on less than \$100 a year for wedding pres- ents. Plated ware doesn't go any more, either. A man who would send a plated berry spoon to a trusting bride would steal sheep and borrow the owner's wagon to haul them off. However, wedding presents are re- ciprocated, and when a young man mar- ries he gets even with a glad cry, al- though, of course, there are always had collections on the list. When a man is married and has four children and a grocery bill he is likely to for- get that nine years ago he received a pie knife from a boyhood friend and to send that boyhood friend his deep and fervent congratulations instead of something more substantial.

There are only four conventional proper wedding presents—cut glass, silver spoons, ornamental clocks and rocking chairs. If a bride is popular, and the wedding has paid expenses, she will receive about eighteen cut glass bowls, twelve dozen solid silver spoons, fourteen clocks and six chairs. These can afterwards be exchanged for useful articles, such as knives and forks, cups and saucers, and a real clock which will run 24 hours every day, including Sunday. Some guests, however, to be orig-

## OPPOSED TO FORCING SUFFRAGE ON STATES

Might Do More Harm Than Good, Wilson Says.

Washington, June 22.—An interpretation of the suffrage plank of democratic platform was sought from President Wilson by Mrs. D. E. Kooker of Richmond, Va., acting as spokesman for the Congressional Union for Woman Suffrage and the Virginia State Federation of Labor.

She left the White House with the report that the president stated the plank meant the question should be decided by the states, not by federal action, and still held to his refusal to urge the passage of the Susan B. Anthony suffrage amendment to the constitution.

She quoted President Wilson as stating that he was a friend of the suffrage movement and sympathized with it, but still felt it was a question first for the states and that suffrage forced upon a state would not be well received and would hurt more than help the cause.

## EUROPEAN POWERS WOULD AVOID WAR

Entente Allies Claim German In- fluence at Work.

Washington, June 22.—Strong pres- sure is being brought to bear upon Carranza by representatives of Euro- pean powers to prevent his forcing a break with the United States. Indirect reports reaching the state department told of these efforts and said there was a possibility they would be suc- cessful.

Agencies of the entente allies are understood to be active for peace, particularly because they believe German influence has sought to inflame the Mexican government against the United States, with a view to preventing this country from gathering in trade formerly controlled by Germany in Mexico and South and Central Amer- ica.

It is pointed out that Carranza might avoid war by calling for an international commission to discuss the border situation, as provided in the treaty of 1848. So far, however, no suggestion for such a step has come from Mexico.

### Ennenga-Thomas Wedding

The following item taken from the McAlester News-Capital of McAlester, Oklahoma, concerning the wedding of Miss Cornelia Thomas, a daughter of Mr. and Mrs. A. U. Thomas, who resided in Dixon from 1895 until 1902, will be of interest to Dixon people. Mr. Thomas is a brother of Mrs. William Graves of N. Hennepin Avenue, this city.

The marriage of Miss Cornelia Thomas and Mr. Oscar Ennenga was quietly but most beautifully said on Saturday evening, June 17, at 8 o'clock, at the home of the bride's parents, Mr. and Mrs. A. U. Thomas.

Promptly at the hour arranged the bridal party entered the wide living-room, the charm of which was emphasized by decorations of daisies massed in low bowls and by feathery green ferns. Mrs. R. H. Matthews gave "I Love You Truly," very sweetly, before the entrance of the bridal party, and, later, played Mendelssohn's wedding march and preceded by the flower girl, Dorothy Cabell Mills; the ring-bearer, David Matthews, and the maid of honor, Miss Harriet Thomas, the bride, with her father, Mr. A. U. Thomas, came under an arch of daisies and ferns and was met by the groom and his best man, Mr. Karl Ennenga, at the altar; a bank of ferns and daisies flanked by tall flambeau bouquets of yellow roses, and by candelabra holding waxen tapers that cast a soft glow of light over the scene. The bride was given in marriage by her father and the impressive ring service was pronounced by the Rev. Allen S. Davis.

In her gown of heavy white tulle veiled with silk net and tulle veil caught with real orange blossoms to a band of silver, the bride was lovely, showing that grace of manner and charm of personality which have endeared her to a large circle of friends. Miss Harriet Thomas' dress of white organdie tucked and frilled, was most becoming and both bride and maid carried charming bouquets of roses and valley lilies in old-fashioned bouquet holders. Dorothy Cabell Mills wore a dainty, lace ruffled French dress of organdie, enhanced by tiny French flowers of yellow and a yellow hair bow, and she carried a daisy-wreathed, tulle-tied basket. The ring-bearer wore a suit of white satin and carried his white satin evening hat filled with yellow roses, among which was the very lovely one bearing the ring.

In the dining-room after the ceremony, an ice course was served, the table had for a center piece a graceful crystal basket, tied with a love-knot of tulle-ribbon and holding roses, candelabra with yellow candles stood on either side of the basket, and the yellow and white color scheme was further carried out in this room by decorations of yellow roses and shasta daisies. Mrs. A. U. Thomas, assisted by her sister, Miss Sarah Curtiss, of Freeport, Ill., received the guests.

Mr. and Mrs. Ennenga left at 9 o'clock for Denver, Colorado. The bride's going-away gown was a handsomely tailored silk suit in one of the dark blue shades, with hat and accessories to harmonize.

Miss Ennenga has lived in McAlester since her childhood, graduated from both the McAlester and Freeport, Ill., high schools, later receiving a degree from Mount Holyoke college. Mr. Ennenga whose home is in Freeport, where he will later take his bride, is also a graduate of the Freeport high school and took his college work at Princeton.

While the wedding was necessarily a small one, the large number of elegant gifts attested to the popularity of these three young people. Out

of-town guests were: Miss Sarah Curtiss of Freeport, Ill.; Mr. George Ennenga, Mr. William Ennenga of Freeport, Mr. Karl Ennenga of Springfield, Ill., and Miss Ruth Sanderson of Waltham, Mass. No cards.

### Delightful Reception

County Superintendent of Highways and Mrs. L. B. Neighbour were hosts Tuesday evening at a reception given at their home, 1503 Third street, for their son and his bride, Mr. and Mrs. Leonard B. Neighbour of Moline, who were here on their wedding trip.

In the receiving line were Mr. and Mrs. Neighbour and their son and his wife. About forty guests were entertained.

Many of the guests belonged to the talented, and an informal program of music and readings was given during the evening. Vocal solos were given by Miss Bertha Bennett, piano numbers by Miss Kath Lievan, the bride, who is an excellent musician, gave several piano selections, and readings were given by Mrs. Winnifred Frye, Mrs. Alida Gunn, Mrs. Henry Leydig, and Mrs. Ethel Trottnow. Adding much to the pleasure of the program were the remarks and stories interspersed by Sec. of the Y. M. C. A. Dr. Kinderen, who had charge of the program, and gave a delightful little talk at its close.

Refreshments of ice cream and cake were served. The house decorations were in pink and white roses and peonies.

After the guests had departed the newly married couple, their surprise, found some beautiful gifts—a cut glass vase was given by the younger friends present, and one of the new loaf sugar and cream sets in silver, given by the friends from the neighborhood.

Mr. and Mrs. Neighbour continued to Freeport Wednesday but will return to Dixon the latter part of the week.

### Ice Cream Social

The G. R. C. of Grace Evangelical church will hold an ice cream social at the home of Mrs. Mary Good, 705 North Ottawa avenue. Because of the fact that this splendid congregation is so earnest in its efforts to supply the religious needs of the people of the north side, and particularly of the younger folks, and its members are at present erecting a costly addition to the edifice to better administer to those needs, it is expected that the people on that side of the river will show their appreciation of this solicitude and reciprocate by attending the social, where, beside the delicious ice cream, you are assured of an evening of wholesome enjoyment as well as being instrumental in assisting the commendable work of these good people.

### Guests of Grandfather

Misses Mary Lowery and Lucille Green are week-end guests at the home of their Grandfather Green on the Daysville road.

### To South Dakota

Miss Lucille Pearce and brother, Elmer Pearce, go tomorrow to Harrisburg, S. D., to visit their uncle for the coming month.

### Guests at Greenlawn Farm

Mrs. John W. Duffy and son Clark, who have been guests of Mr. and Mrs. Fred Miller of Greenlawn farm, returned home last evening.

### Enjoyable Affair

The affair given Tuesday afternoon at the home of Mrs. John R. I-ston by Mrs. Ralston and her sister, Mrs. Harvey, was particularly enjoyable in spite of the fact that plans had to be changed at the last minute from a garden party to an indoor bridge because of the rainy weather. Much that was beautiful from the gardens had been transferred into the house—flowers of many kinds, and the attractive garden sets of sunbonnet and apron, provided by the hostesses, were worn by the guests, adding a unique touch. The favors provided were baskets of garden tools, and there was an attractive silver favor for Miss Plummer, in whose honor the affair was given.

### For Guest

A pleasant party with "the best time we've had for ages" was that given as a surprise for Miss Doris Tilton of near Rochelle by her cousin, Miss Hope Coakley, whose guest she is. The party was given at the Coakley residence on College Avenue and was largely held on the lawn, where the games of childhood were revived. Sixteen young ladies and men were the guests. From the lawn the guests were taken to the house where refreshments of ice cream and cake were served. Roses and pink peonies decorated the house most attractively.

### Guests of Miss Youngman

Misses Louise and Phoebe Brundage of Rochelle are guests of their cousin, Miss Gertrude Youngman.

### Postpone Picnic

The Palmyra Mutual Aid, which was to have picnicked today, have or the second time been obliged to postpone their plans in that regard. Nothing daunted, the Palmyra and will hold the picnic tomorrow if the weather is fair; the place, Lowell Park, as hitherto planned.

**No Extra Fees Money-Back Guarantee**

Come and see what thousands saw at the great San Francisco Fair last year. Learn why so many folks you know have paid us 1.00 in the past two days and ordered the Hoosier delivered to their homes. These neighbors will have many hours to spare when most women are still plodding round their kitchen preparing meals or putting away supplies and tidying up. Hoosier has places for 400 articles all handily arranged at your fingers ends. But don't think it is merely a "self-room" cabinet. The Hoosier is really an "automatic servant." It has 40 features that aid you in your cooking and save you time and labor.

It's perfect construction surpasses all other cabinets made:

- Hoosier's Shaker Flour Sifter** makes flour fluffy and light. Works faster than rotary sifter. Avoids grit or broken wire. Can't wear out.
- Hoosier's Revolving Spice Castor** puts the spices you need at your finger tips. No danger of knocking over any or spilling them.
- Hoosier's Double-Acting Sugar Bin** is the only sugar bin from which sugar can be taken with equal ease from top or bottom; has three times the capacity of most bins.
- Hoosiers are made with Hinge Doors** or full view Roll Doors above the base. The Hinge Doors have remarkable convenient utensil trays. The roll doors are open—no pockets or cubby-holes. The price has only 50c difference.

Remember there are Hoosiers for farms, camps, apartments, big kitchens, little ones, for window spaces and the center of big kitchens. No further need for old-fashioned, built-in, uncleanable cupboards. If you think that you can't spare the time to come then you confess that you need a Hoosier badly, because it will give you so many spare hours for a lifetime. Come see this Gold Medal demonstration tomorrow. Get our low prices and money-back offer. And please bring some friend with you.

# 40 U. S. TROOPS REPORTED SLAIN

(Continued from Page 1)

## MEXICANS CROSS TO JAUREZ DURING NIGHT

During the night over a thousand Mexicans crossed the river here to Juarez and the exodus continues today. During the night the Juarez garrison started to evacuate and by 10 o'clock this morning more than half of them had left. It is said the Carranza officers believe they will be able to hold Juarez in the event of hostilities.

## CARRANZA TROOPS ARE NEAR AMERICAN EXPEDITION

Field Headquarters, Mexico, June 21.—Carranza troops are reported close to the southern end of the American lines. Pershing is taking every precaution to prevent trouble starting. The American troops are in excellent form.

## GENERAL GOMEZ IS KILLED

Mexicans Take American Prisoners—Commander at Juarez Officially Reports Battle at Carrizal, 100 Miles South of Border—Civilians Prepare to Flee El Paso.

their movements. Ojinaga and Piedras Negras are regarded as two of the danger points.

## Silliman Quits Mexico.

Eagle Pass, Tex., June 22.—Consul J. R. Silliman arrived in this city Tuesday night from Saltillo, coming by way of Monclova, owing to the cessation of railroad traffic between Monterrey and Nuevo Laredo. He said he expected to remain here for several days. Mr. Silliman is the last American consul to leave Mexico.

## All Factions Join Carranza.

Chihuahua, Mex., June 22.—The aligning of the various factional leaders with the government continues. General Nafarrete wired General Trevino that Manuel Palaez, former Villa general, now operating in the Huastecas region, had placed himself at the disposal of General Carranza. Jose Ysabel Robles and Canuto Reyes are expected in Chihuahua shortly, bringing their forces, under orders from General Trevino. All is quiet here.

El Paso, June 22.—Mexican and American troops were engaged in battle Wednesday morning at Carrizal, 100 miles south of Juarez, and 40 men of General Pershing's force were killed or wounded, according to an official statement given out by General Gonzales, commander of the Juarez garrison. A number of American prisoners were taken by Carranzistas. Some Mexican wounded have arrived at Juarez. General Gomez, Mexican commander, was killed.

El Paso, Tex., June 22.—Carranzista troops engaged a scouting party of American cavalry at Carrizal, fifteen miles west of Vill Ahumada, according to a telegram received by General Francisco Gonzales, commander of the Juarez garrison.

General Gomez, supposed to be in command of the Mexican force, was killed.

The first report of the engagement contained request that immediate preparations be made in Juarez to care for the Mexican wounded.

The message was delayed in transit and preceded the arrival of the train only by a few minutes. The number of the wounded is not yet available.

The American casualties are not definitely known. The telegram to Gonzales stated that a number of American prisoners were taken, open prairie, covered only with scant vegetation. The entrance to the canyon or deep valley through which the Carranza column expected to approach General Pershing's line of communication is about twelve miles west of Carrizal.

## Word to Funston Delayed.

San Antonio, Tex., June 22.—At 5 o'clock at night General Funston was at his office, but had received no report of the fight at Carrizal from Pershing. He said the report of the commander of the American detachment in the fight would have to go by courier and telegraph to Pershing, hence the delay. He stated that General Pershing doubtless would telegraph to him the moment the report arrived at field headquarters.

General Funston said he assumed the detachment involved was a scouting party sent to locate Carranza troops on the eastern flank of Pershing's column.

General Funston said that danger is threatened at several points along the border. He declined to say where the peril lies or whether the menacing forces are bandits or Carranzistas. Evidently they are the latter, and Funston prefers not to disclose to them the fact that he is acquainted with

## PRINCESS THEATRE

Tonight the Princess theatre will

show chapter 12 of the great railroad serial, "The Girl and the Game" featuring Helen Holmes.

It remained for that able author, Kenneth B. Clarke, to get the fun out of the career of a noted burglar. This he accomplished in the American Mutual two-part serio-comic drama entitled "The Conquering Hero," yesterday.

ma, "Pierre Brisac, the Brazen," a fantastic photoplay novel in treatment and original in theme with Edward Coxen and Lizette Thorne in the leading roles. Also in this program will appear George Ovey, the funniest man in America, in a comedy entitled "The Conquering Hero," yesterday.

Dixon friends of Mrs. M. J. Owens, formerly of this city, will be glad to learn that she is recovering from her recent illness and has been removed to her home from the Sterling hospital.

Mrs. Peter Wragg of Pennsylvania Corners was shopping in Dixon yesterday.

# A Clothing Store that Serves

*Some clever fellow once said "The great trouble with the English language is that it doesn't care who uses it." Good, isn't it?*

THE word "Service" is one part of the English language that seems to be particularly careless about how it's used, and who uses it. It's such a nice word, and it represents so perfectly the very thing that so many people want, that it is pretty freely used in business by a lot of people who don't fully mean it, for the purpose of influencing a lot of others who don't fully understand what it does mean.

We call this "A clothing store that serves"; we have more or less to say about the service we render. The word is so good that we think it might be well to define it.

By service we mean, of course, the obvious things—a cordial greeting at the door; a courteous attention to your wishes, as you express them to us; a conscientious effort to find in our stock the merchandise that will most perfectly satisfy those wishes; some painstaking care to see that the clothes—if that's what you buy—are correctly fitted; the prompt delivery of the goods to you; and an assurance that if you don't find them all you expect, or all we promise, they may be returned.

Anybody can render service like that; and nearly every good store does, with more or less success. But service is much more than that.

Our service begins months before you're ready for it; it begins with the assumption that you're not an expert in clothes; that a merchant in whom you have confidence can sell you anything; that the way to get your confidence is not to sell you "anything" but to provide for you the right thing; the best thing.

That means, in our judgment, nothing else than Hart Schaffner & Marx clothes. And that's just where our service differs from the other clothing service in Dixon.

It's a fundamental difference.

We don't consider it anything very wonderful to guarantee satisfaction or your money back. Anything less than that would contradict the whole service idea.

## SONG SPARROW

Melospiza melodia

Length, about six and one-fourth inches. The heavily spotted breast with heavy central blotch is characteristic.

Range: Breeds in the United States (except the South Atlantic and Gulf states), southern Canada, southern Alaska, and Mexico; winters in Alaska and most of the United States southward.

Habits and economic status: Like the familiar little "chippy," the song sparrow is one of our most domestic species, and builds its nest in hedges or in garden shrubbery close to houses, whenever it is reasonably safe from the house cat, which, however, takes heavy toll of the nestlings. It is a true harbinger of spring, and its delightful little song is trilled forth from the top of some green shrub in early March and April, before most of our other songsters have thought of leaving the sunny South. Song sparrows vary much in habits, as well as in size and coloration. Some forms live along streams bordered by deserts, others in timbered regions, others on rocky barren hillsides, and still others in rich, fertile valleys. With such a variety of habitat, the food of the species naturally varies considerably. About three-fourths of its diet consists of the seeds of noxious weeds and one-fourth of insects. Of these, beetles, especially weevils, constitute the major portion. Ants, wasps, bugs (including the black olive scale), and caterpillars are also eaten. Grasshoppers are taken by the eastern birds, but not by the western ones.

## ROCHELLE

Rochelle, June 20.—Miss Ella Mihm and Mr. Earl Kennedy, two of the most popular young people of St. Patrick's parish, were united in marriage by Father Paul Bourke, at St. Patrick's church, at 9 o'clock this morning. The bride's brother and the groom's sister acted as best man and maid of honor, respectively. Immediately after the ceremony the young people took a taxi to the Colditz studio where they posed for photographs.

A number of girl friends of the bride showered Mr. and Mrs. Kennedy with rice as they descended the stairs to step into the waiting taxi. Arthur Heltness, the driver, did considerable fuming when he found that some one had turned off his gas line.

Mr. Kennedy is a graduate of Rochelle high school in the class of 1914. He is also a member of the Illinois club. After a short honeymoon Mr. and Mrs. Kennedy will make their home in Rochelle, where the groom holds a responsible position with the Rochelle Poultry Co.

## MEXICAN POLICY SHAME OF REPUBLIC

(Continued from Page 1)

ment of the United States has passively submitted, Mr. Mann paused and said:

"Gentlemen, you will notice that I did not speak hastily, without preparation, but with the greatest of care and preparation. If these statements are true, and our secretary of state, whom I believe, says they are true, they are to the everlasting shame of this republic."

## Borland and Hay Defend.

Representative Borland of Kansas City, a democrat, later attempted to defend the administration, as did Chairman Hay of the military committee and Representative Rainey of Illinois. Mr. Borland insisted that the army would be kept in Mexico and along the border as a police force. Hay asserted that he was willing to appropriate all the money necessary to carry out the president's wishes.

"But so far as his policy is concerned," said Hay, "we will fight that out with you on the stump. We are not afraid of your attacks on the administration."

Representative Rainey asserted that the people would be behind Wilson in the present situation.

"The president's message to Carranza is strong and sensible. While it seems to me that armed intervention appears to be the inevitable result of conditions in Mexico, I am sure the people believe the president has done his best to avoid it and that he will do his best to restore order quickly once we do intervene."

## Sees Political Subterfuge.

Representative Wilson of Chicago, in reply to the democratic statements, asserted that the president's course had every appearance of being rigged up for political effect.

"One of the worst features of the entire situation," Mr. Wilson said, "is that the president has delayed the day of reckoning with Carranza and the other Mexican bandits until the time seems right for the democratic party to profit through the reckoning."

I hate to believe that he has done this purposely, but every man in Washington knows that Wilson had as much justification for action the day he landed the marines at Vera Cruz as he has today. Yet he withdrew the marines at Carranza's behest and he has submitted to indignity after indignity from Carranza and Carranza followers ever since.

"After reading Wilson's last note to Carranza and realizing that everything he sets forth in it is true, I blushed with shame that our country has such an administration in charge of the work of protecting the lives and property of its citizens."

## Foss and Madden Clash

Representative Foss of Chicago, a "Wilson republican," said the people "ought to stand by the president in this crisis, as in all international matters."

This attitude was promptly challenged.

**OFFERS ARMORED PLATE AT COST**

Bethlehem Steel Company Makes New Proposal.

**GOVERNMENT TO BE OWN JUDGE**

President Grace of Company Writes Chairman Tillman of Senate Committee—Federal Trade Commission to Determine What Cost Is, Then Company to Manufacture at That Figure.

Washington, June 22.—President E. G. Grace, of the Bethlehem Steel Company, has written a letter to Senator Benjamin R. Tillman, chairman of the senate committee on naval affairs, in which he makes an entirely new offer. This offer is to the effect that his company will manufacture armor plate for the government at actual cost plus such overhead expenses as the federal trade commission may determine to be fair.

Lets Government Be Judge. President Grace, after reciting the fact that the naval appropriation bill as it comes to the senate from the house, contains a provision to construct a government plate plant at a cost of \$11,000,000, says: "The Bethlehem Steel Company will agree, for each period as the government may designate as fully protecting the public interest, to manufacture armor plate for the government of the United States at actual cost of operation plus such charges for overhead expenses, interest, and depreciation as the federal trade commission may determine to be fair."

President Grace not only denies that the company's act is in the nature of a "death bed" repentance, but he also declares that the company does not for one moment concede that the prices charged for armor in the past, \$432.62 per ton, have been unreasonable. Since 1887 the government has taken but a trifling over 25 per cent of the company's capacity for armor plate production. Had a larger tonnage been contracted for, the price would have been lower. President Grace declares that the government's \$11,000,000 plant will cost over \$15,000,000 and that his company can manufacture for the government cheaper than the government can do so for itself.

Open to U. S. On Own Terms. "It is said," President Grace's letter continues, "that a government plant should be built to take the profit out of war. Our company has no inclination to make capital out of the military necessities of the United States. In the event of war or threatened war, all the facilities we have for any purpose are at the disposal of the United States government upon its own terms. That means not only our armor plant; it includes our commercial plant, and our ordnance-making facilities. We have urged no programme of preparedness; we desire only to be able to serve the government as we may be called upon."

President Grace states that his armor plant was built at the request of the government, that this request has by the implicit action of successive secretaries of the navy, been frequently renewed; that the Bethlehem Steel Company has repeatedly agreed to place all the figures relating to the cost of armor plate production at the disposal of committees of congress or the navy department, and that the senate committee's own figures show that the United States has for twenty years obtained armor plate at a price less than that paid by any of the great naval powers.

Asks Reconsideration of Vote. After reciting that some \$20,000,000 are now invested in three armor making plants, President Grace urges the committee to reconsider its previous recommendation that a government plant be built, "not with reference to the interests of the Bethlehem Steel Company but with supreme regard for adequate national defense and sound public policy."

\$638,000 Spent on Mounts. Springfield, Ill., June 22.—It will cost the federal government just \$638,000 for the horses that will be needed for Illinois troops. Adjutant General Dickson figured the total and authorized the proper officers to proceed with rounding up the supply.

**RUSS CAPTURE NEARLY 175,000**

Up to June 15th, 172,484 Austrians Were Taken.

**SLAV GAINS ARE GENERAL**

Petrograd Reports Desperate German Attacks in North Beaten Back—Village Changes Hands Several Times—Germans Report Capture of 1,300 of Foe—Austria Admits More Retreats.

Petrograd, June 22.—The war office announces that the number of men captured by the Russians in the offensive in Volhynia and Galicia up to Thursday of last week was 172,484.

The announcement follows: "Despite fighting continues in the region north of Gadamitchi, on the Stry. The village of Czuziatyn changed hands several times. Tuesday afternoon we entered the village and captured eleven officers, 400 men and six machine guns, but gusts of German artillery fire compelled us to evacuate the town again."

Germans Attack Repeatedly. "With furious persistence, the Germans operating in the region of Vorontschine, northwest of Kiselin, under cover of gusts of artillery fire from both light and heavy guns, made repeated attacks on the evening of June 20 against only young regiments. Our troops by impetuous attack put the Germans to flight, taking nine machine guns and a number of prisoners belonging to various regiments."

"At 3 o'clock on the following morning in the region of the Village of Rajmlesto, on the Stokhod River, northeast of Vorontschine, the enemy attacked in mass formation."

"The engagement became a hand-to-hand struggle, in which the Germans, unable to sustain our steady pressure, took flight, leaving in our hands wounded and prisoners not yet counted."

"Desperate fighting is in progress in the region of Kiselin and farther south."

"On the extreme left wing we are still pursuing the enemy and have crossed the Sereth River."

"The total number of prisoners taken by General Brusiloff from June 3 to 15 inclusive," says the statement, "was 3,350 officers and 169,134 men. We also captured 198 guns, 550 machine guns, 189 bomb throwers, 119 artillery limbers, thirty-four searchlights and a large quantity of other war material."

**Germans Take 1,000 Slaves.**

Berlin, June 22.—Russian forces which crossed the River Stry west of Kolki have been driven back across the river, the Germans taking 1,000 prisoners, the war office announces. With the Austrian rear guard closely engaging them, the Russians have crossed the River Sereth, the Austro-Hungarian war office announces in its report of June 20.

In the district of Lokatchi, southeast of Vladimir-Volynski, the capture of 1,300 Russians, one cannon and three machine guns is reported.

**CORROBORATION**

Of Interest to Dixon Readers

For months Dixon citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Dixon residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Dixon reader.

B. A. Worley, blacksmith, Pearl Ave., Dixon, says: "The action of my kidneys was irregular and annoying and my back ached after using Doan's Kidney Pills, the pains left my back and my kidneys became regular in action." (Statement given May 21, 1912.)

OVER TWO YEARS LATER. Mr. Worley said: "Whenever my back gets lame and sore and I need a kidney medicine, I use Doan's Kidney Pills. They give me relief."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Worley has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

## HOUSE PLANNING IS VITAL

Architecture Along Simple Designs Found Preferable

What constitutes good architecture is a question which arises almost everywhere and almost at all times. There are, of course, divergent opinions. To some the ornate deserves prominent consideration; to others simplicity and utility take first place as twin qualities.

One of the school journals comments upon the criticisms uttered by an architect whose elaborate design for a school building had been rejected in favor of a simpler and plainer one. "The plans of the unsuccessful competitor provided for expensive stone cut cornices and belt courses of facade, elaborate marble wainscoting and stucco trim in the corridors and assembly room and other embellishments. While the general plan was good, such important details as the relation of stairways to corridors, the arrangements of toilet rooms, etc., had not been fully studied."

His competitor however had given careful study to every practical detail, with which he combined good proportion and well chosen material, though with comparatively plain design.

## MEXICAN POLICY SHAME OF REPUBLIC

(Continued from Page 6)

lenged by Representative Madden of Chicago, who said "It may be all right to 'stand by the president,' but the American people want a president with spine enough to stand up by himself occasionally without having everybody in congress putting props to his back. The recital of conditions in Mexico by the latest note to Carranza proves conclusively that the administration has been guilty of criminal neglect in not rectifying matters earlier. It shows the administration knew the outrages were being committed; that it did nothing to prevent further outrages or to obtain an atonement for those committed; and that in following its policy of watchful waiting it failed in its duty not only to America but to all humanity, which the president talks so much about."

## Lewis Criticizes Wilson.

On the senate side republican senators attacked the president vigorously. Senator Lewis of Illinois was the only democrat who would even discuss the note or the situation. He did not hesitate to criticize Mr. Wilson.

"I urged the president months ago," Senator Lewis said, "to put the regular army in Mexico and the national guard along the border. I insisted at the time that it would serve the double purpose of quieting Mexico and proving to the rest of the world that the United States means action when it promises action in international affairs. In addition it would have prepared the guard for war. My advice was not taken and I was told that I was a meddler."

Senator Lewis said he believed Carranza would withdraw his opposition in preference to fighting the United States.

## Three Things Must Be Done.

"But whether or not Carranza will back down," continued the senator, "there are three things which the administration must do. First, it must continue the pursuit of those bandits who have been guilty of the murder of Americans, either in Mexico or in the United States."

"Second, it must oppose with sufficient force, all in Mexico who oppose it."

"Third, it must continue to maintain in Mexico a sufficient force to protect American lives and property there and along the border until some constituted authority in that country proves that it has the power to relieve the United States of that duty."

## Points to Double Dealing.

Republican senators confessed amazement at the revelations contained in the administration's note to Carranza. Senator Sherman of Illinois pointed out that the note charges Carranza with double dealing in all his negotiations with the United States, while the administration has been assuring the country that Carranza was a friend of the United States and the savior of Mexico.

"The note to Carranza is just three and one-half years overdue," Senator Sherman said. "It is a modern application to the Mexican question of the old apologetic maxim 'Better late than never.' There is a minimum of good in that maxim at this time. For nearly three and one-half years life and property of Americans have been destroyed when both should have been protected. The 'watchful waiting' policy of the administration has a record written in humiliation and bloodshed on both sides of the border."

"The immediate cause of our punitive expedition into Mexico was to apprehend Villa. But sufficient cause has existed since 1913. Speeding up, now that we are six months away from an election, looks suspiciously like the head of the administration is attempting to pose as a war hero for campaign purposes. It is too late to retrieve his reputation born of watchful waiting."

Have Few Seasoned Troops. "Incidentally, all northern Mexico is in arms. We have few troops seasoned for actual war. On March 22, 1916, I introduced a resolution authorizing the president to call 50,000 troops into the service. It was to prepare them for emergencies such as we now face. If action had been taken we would have had three months of preparation. Now that the emergency faces us we must meet the duties of the hour with raw troops in the larger part of the service."

"Japan will not overlook the absorption of all the regular army of the United States and the occupation of the navy in blockading Mexican ports. She has recently shown a disposition in China to take advantage of the situation arising out of the European war to close the open door in

that country and to assume governmental functions there. She will be equally prompt to seize on the Mexican situation for her advantage against us."

"Unless the Mexican government backs down we are headed for war. I favor a thorough pacification of Mexico when we undertake the task and shall support this administration or any other in any steps for the restoration of law and order in Mexico. The note sent to Carranza indicates clearly that the administration has withheld the true facts of the situation from the American people."

## Administration Is Stultified.

"I have read with considerable care both the note of Carranza to this country and the administration's latest note to Carranza," said Senator Townsend of Michigan. "It appears to me that the administration's note is a stultification of the administration and the position which it has occupied up to this time. It makes it clear that Carranza never has been a friend to this country, though the administration led us to believe that he was a friend and that he was acting in co-operation with us to bring about order and the protection of Americans and their property on both sides of the border."

"It is clearly demonstrated in the administration's note that the things which Senator Fall of New Mexico told us in the senate regarding Carranza were true, though at the time the administration denied the truth of these assertions."

"The president has gotten us into a horrible mess through a policy of vacillation and weakness in regard to the Mexican situation. To read the Carranza note or the administration note, one without the other, would make the other party appear an absolute villain. A question of fact seems to be involved."

## Enough to Cause Hate.

"It seems from the latest note of the administration to Carranza," Senator Jones of Washington said, "that there was never any agreement between this country and Carranza for the troops to enter Mexico in pursuit of Villa. Yet the administration, as I remember it, insisted not long since that such an agreement had been made. It seems that this latest move of the administration is all of a piece with what has gone before, vacillating and lacking firmness."

"They tell us that the people of Mexico are inflamed against the United States. The policy of the administration, first on one side and then on another, is enough to make them hate us. The vacillating policy has brought about the present situation, and we will probably now have to fight the Mexicans, who are convinced, from the course hitherto adopted, that we are all cowards."

## It Is Designed Especially for Use of Photographers

A new electric light designed especially for photographers has as its essential feature a 1,000 watt metal filament lamp with a bulb of blue glass, which reduces the luminous intensity of the light without affecting its actinic qualities, that is, without affecting the rays which produce the chemical changes essential to photography.

These rays are blue-green, blue, violet and ultraviolet. The result is a slightly bluish light, appearing almost white, having only one third the luminous intensity but practically the same activity as the clear 1,000 watt bulb. The lamp is mounted on a tall metal standard, on which it can be adjusted to the desired height.

The frame also supports a diffusing screen. The bulb is set in a reflector. Popular Mechanics.

Control—the minute you get behind the wheel of the Mitchell Six and step on the throttle you will say something about its easy control. You will—they all do.

One of the half dozen mechanical reasons for it is the worm and full gear steering - column construction, in place of the worm and sector gear, or worm and nut, as used in a great many cars.

## The Red Selvage

When you see a Red Selvage on a piece of Wire Cloth—whether painted or galvanized—you may be sure it's the best that can be had. The Red Selvage is a trade mark devised and adopted by REYNOLDS WIRE CO., whose cloth is made here in Dixon and than which there is no better.

In our show window is an interesting exhibit of REYNOLD'S DIXON WIRE CLOTH. Wire in the roll is shown from 6 inches wide up to 6 feet wide. A roll is shown as it comes from the annealing furnace ready for painting and a roll cleaned and ready for 10 coats of galvanizing which is given the celebrated "Alumina" brand.
